

## Three Youths Apprehended in B & E's

Three juveniles were apprehended by the Crawford County Sheriff Dept., thanks to an alert private citizen, after they stole a canoe in Roscommon County along the South Branch, then vandalized a number of cabins as they canoed along the AuSable.

Cabins belonging to the Chapp and Arndt families in Crawford County plus another in Roscommon were hit by the vandals, and items taken on the spree included personal keepsakes, portable radios, liquor, flashlights and numerous other items.

The complaint, registered last Thursday, resulted in the apprehension of the three on Friday, and further investigation is underway by the Crawford County Sheriff's Dept. since more cabins may have been hit along the route followed by the juveniles.

According to Sheriff Curt Haas, only alert reporting by the citizen involved resulted in the apprehension of the youths by his department.

## Adults Welcome Noon to 3:00 P.M.

## Bloodmobile at HS May 10th

This is the last Blood Bank of fiscal year 1978. Please be a donor and make sure Crawford County gives its fair share of life saving blood to provide for all of our citizens needs.

Remember, every citizen of Crawford County is eligible for all his or her blood needs, no matter where she or he may be in the United States when it is needed - FREE - because of your gift of your blood to the American Red Cross Blood Service.

You might be interested to know that the Flint Regional Blood Center, of which Crawford County is a part, collected 36,731 units of blood from July 1, 1977 through March 31, 1978, a little more than in the comparable period of the previous fiscal year.

And not one pint was wasted! Over a third was used as whole blood in hospitals with a 98% utilization rate. The remaining two thirds to produce 57,377 components of: Red Cells, Frozen Red Cells, Platelet Concentrate, Cryoprecipitate, Fresh Frozen Plasma, Cryoprecipitate Removed Plasma and Single Unit Plasma.

Sounds complicated, but it simply means that thousands of people - your Good Neighbors - are alive and healthy, because about one out of 20 of our 17 year and older citizens gave a pint or more of their blood last year so that the rest of us will survive!

Won't you join this truly select, responsible and generous Good Neighbor Group and give a pint of your life saving blood too? Don't forget! Grayling High School, next Wednesday afternoon, May 10th, from Noon to 3 p.m. Please come.

## Dawn Patrol Fly-in Here Sunday

This is a personal invitation to all of you to attend the "Dawn Patrol" on Sunday, May 7 at the Grayling McMannara Airport, sponsored by the Kirtland Aviation Technology Students. They are cooking a delicious pancake breakfast from 7:30 to 11:30, and have scheduled many interesting events until 4:00 p.m.

They will also be conducting tours through the Kirtland Aviation Facility from 10:00 a.m. to 2:30 p.m. to give you a chance to see why this is one of the best organized and equipped Aviation Mechanics Schools in the country.

This school offers their students enormous practical experience to work on live equipment. There are ten airplanes, five helicopters, turboprop, jet, opposed, and radial engines plus any other conceivable machinery to help in their training.

Even if a student doesn't plan a career in Aviation Mechanics, the course given here offers fabulous training as a foundation for many other technical fields. Our graduates are sought out for jobs anywhere in the country and the job market for Aviation Mechanics will be growing for years to come.

The best part of all this is that the cost of this program has been kept affordable at \$12.30 per credit hour, if you live in the college district while attending school, just a fraction of college education costs away from home.

90% of our students come from out of town and we would greatly encourage and invite local students to take advantage of our fine facilities offered here.

Be sure to come and join in the fun this Sunday at the Grayling Airport.

## Faculty "Zaps" Seniors

With Head Football Coach and Faculty Member Bill Klingner pounding two homers, the Grayling High School Faculty took on the Seniors, apparently an annual grudge match in one sport or another, and walked off with a convincing 19-9 victory. Next year's seniors are asked to regroup to consider next year's challenge, but it's been reported that the highlight of the evening was a beautiful slide into home plate by Counselor Bob Bovee, during which he successfully eluded the tag by a husky GHS senior to score one of the faculty runs.

## City-County To Seek HUD Funds

by Joe Schrader

Ed Lowrie, Board of Commissioners Chairman, recently reported that a cooperative application between the City and Crawford County is being prepared by NEMSCA for the purpose of applying for federal funding through HUD (Housing and Urban Development), which would provide \$600,000 per year for up to three years for County rehabilitation programs.

Approval of the \$1.8 million federal grant may be months off but the reality of it all has recently been initiated as the result of a cooperative agreement reached by the City and County. If ultimately approved, the monies would be used primarily for sanitary sewer and street improvements throughout the City and County. Pretty much now depends on how HUD reacts to the original pre-application.

Looking at it from a positive point of view, Lowrie commented, "We'll see some significant and important changes in our County over the next five years. We have an active and dynamic Chamber of Commerce working for us and we must change our basic economic system from one of tourism to one of also attracting new industry to our area."

Much of Crawford County's physical improvement and growth may well depend on the final outcome of the funding application soon to be submitted. Nonetheless, the effort represents an encouraging joint and cooperative effort on the part of our community leaders to bring about physical improvements not only for the betterment of local residents but also for the purpose of attracting other business and industry to our area.

## Road Board To Hire Engineering Consultant

by Joe Schrader

A decision by the Board of Road Commissioners last week to eliminate the job of Engineer-Manager and to hire an engineering consultant firm to perform the work has triggered another wave of controversy within the community. Engineer-Manager John Keir was dismissed summarily as a result of the Board's decision, which has,

## Sunny Skies Greet Trout Opener

by Joe Schrader

Blessed with delightfully sunny skies and temperatures hovering in the mid-60's, trout anglers were on the abundance on area streams during this past weekend opener. While it wasn't the "catch" that counted, most anglers just had a lot of fun testing area streams, some seriously, some with some enthusiasm, some with nonchalance, some with barely the energy to bait their hooks, but all of them just enjoying the beautiful weather that accompanied this week's area of fun.

Even the kids get in on the action.

## "How to Succeed in ..." What a Performance!

by Joe Schrader

Grayling High's premiere performance of "How to Succeed in Business Without Really Trying" was held last Saturday evening at the Joseph Stripe Auditorium - and what an entertaining evening the cast and crews provided!

Vigorous and repeated applause punctuated the performance throughout its entirety, a fitting tribute to this special school group whose efforts over the past two months under the direction of Howard Taylor and student director, Ed Jackson,

culminated in a splendid performance in the show's special opening.

The Comedy-Musical is based on a Broadway musical with music and lyrics by Frank Loesser and can be seen and enjoyed on Thursday, Friday and Saturday nights, May 4, 5 and 6th with performances beginning at 7 p.m.

The Musical revolves around the plights of J. Pierrepont Finch, portrayed by Terry Burns, and outlines his route to business success and professional accomplishment, however unusual that journey takes. Sticking with him in his climb up the ladder is faithful Rosemary Pilkington, played by Lisa Montague, who is determined to stay by his side throughout his continual rise in the professional ranks. That's the format and all we're going to say about his phenomenal rise to the top!

Eighteen other GHS students participate in this delightful musical and are complimented articulately by groups of singers [See Performance on page 2]

by Joe Schrader

A two-car crash 13 miles east of Grayling near Smith Bridge claimed the lives of three people: two were from Spruce, Michigan and one from Luzerne, raising to four the number of fatalities registered in Crawford County this year.

### Speech Therapy, Physical Therapy

Editor's Note: Reprinted as a public service by Blue Cross and Blue Shield of Michigan, with permission of Blue Cross and Blue Shield of Indiana.

If you're wondering if Medicare will pick up most of the bills for those tests or treatments your doctor has ordered for you at the local hospital's outpatient clinic, the answer is a "probable yes."

The reason for that answer is that there are some limits involved in the payment of outpatient hospital charges. First of all, you have to have paid out your \$60 yearly deductible before Medicare steps in.

Secondly, tests or treatments must be medically necessary and the provider must have accepted Medicare "assignment." If you meet these requirements, your Medicare Part B medical insurance will pay 80 percent of the covered services. You are responsible for paying the remainder.

There are also limits as to what Medicare medical insurance will pay. For example, laboratory services aimed at helping diagnosis are allowable; however, lab tests given as part of a routine

physical examination are not payable.

That means, a doctor must be following medical procedures to determine the nature of a health problem, not merely running a series of tests to find out whether or not you're healthy.

The rules governing diagnostic tests and procedures also would cover x-ray and other radiology services, but Medicare will pay for only those items that are part of a diagnostic (not routine or therapeutic) procedure.

Medicare Part B will pick up most of the bill for outpatient treatment in case of an injury or a medical emergency provided you have already paid the deductible.

Under these circumstances, Medicare will cover x-ray or other diagnostic services, emergency room supplies (bandages or medications) necessary for your treatment and any medical supplies such as splints, casts and slings, etc.

Medicare will not pay for such things as tests for a routine physical, eye exams for prescribing, fitting or changing eyeglasses, any shots unless directly related to an injury or risk of infection, or any hearing exams for prescribing, fitting or changing hearing aids.

Medicare Part B (medical) insurance can play a big role in paying the bills for some other forms of outpatient services needed by those persons whose illness or injury might require the highly specialized services of a physical therapist or a speech therapist.

But before Medicare will pick up any part of these bills, your doctor must certify such therapy is part of a plan and is required to restore your health. Therapy services rendered in the outpatient department of a hospital are reimbursed by Medicare at 80 percent, with the remaining 20 percent payment your responsibility.

Medicare Part B will pay up to 80 percent of \$100 per year for the services of a physical therapist who meets the licensing and regulatory standards. These physical therapy services are usually provided at the therapist's office, or in the patient's home when medically necessary.

In some very unusual

cases, a hospital will provide an inpatient with physical therapy on an outpatient basis. In these instances, Medicare pays 80 percent while you are responsible for 20 percent of payment.

Much the same arrangement holds true for speech pathology and therapy services that are furnished to recipients on an outpatient basis by hospitals, skilled nursing facilities, home health agencies.

Medicare will help pay these bills whether the services are performed at the participating institution or at the patient's home. The requirements include physician certification as well as the deductible. Remember, services must be intended to improve the condition for which they are given. If there is no improvement, or if the therapy is purely for maintenance, the costs are not allowed.

If any of these above services are to be performed on your behalf, check with your physician or the institution performing the services to make sure you have an idea about what will be covered by Medicare and that appropriate claims will be filed on your behalf.

If you have any questions regarding problems in this area, check with your local Social Security Administration office or the nearest Blue Cross and Blue Shield branch office for assistance. (Next—Nursing Home Care)

and dancers along with the high school orchestra. The production's additional success and audience enjoyment is attributed to the production staff, make-up, usher and stage crew groups. After being ushered politely to your seat, you can sit back (if you can) and watch two Acts of excellent entertainment while stage crews move unhesitatingly set after set into place throughout 21 scenes.

Watch Pierpoint climb to the ultimate in business success, overcoming obstacle after obstacle in this year's GHS Spring Musical Production. You will be denying yourself a real night of entertainment unless you take in one of these performances, featuring characters like J. B. Biggley, Frump, Huddy, Bratt, Gatch, Mr. Twimble and Womper, to mention only a few.

But to the cast, the crew, the orchestra and all others involved thanks for the dedication and month-long efforts, but most of all the courage it takes to "get on stage" and entertain us with a professional performance like "How to Succeed in Business Without Really Trying."

## From Our Corner....

Daylight savings time is beautiful, unless you are programmed for getting a column out during darkness... it's 8:30 already and we have been wondering how come the 6 o'clock whistle hasn't blown, until it came through our thick skull. We did change the time Saturday evening.

Up until last Friday we had wondered what we may have to offer our readers... seemed like all there would be was something about the trout fishing weekend... and not being an outdoor sport (plus not even liking to eat those wily fellas), we felt there would be nothing in our corner this week...

We were taken back late Friday afternoon when we received a phone call that John Keir had been fired as Engineer-Manager of the Crawford County Road Commission... we couldn't believe it, and everyone that evening we talked to felt the same.

We do not profess to know the idiosyncrasies of serving on a road commission board... but from what has happened in the past month, with the hiring and firing this three-man appointed board seems to have more power than the County Board of Commissioners, of which they are only a satellite of.

From what we have gathered today, the circulation of the petition to have the road commissioners placed on the November ballot has gained more support.

...and this is also the year for the election of the County Board of Commissioners.

Sunday we made the pilgrimage to the country club to put our clubs in safe quarters below the 10th hole, while giving the sign up above to have rain on Wednesday afternoon, so we wouldn't have to disturb them.

As we retired into the warmth of the club, smartly Evelyn McIntosh had to remark, she wondered if that was our round of golf for the season as we had to go around the club to hide our clubs. For ole fellas, you would think they would have the storage near to the watering hole.

## The Bible Speaks

From Calvary Baptist Church

### Preparation For The Bowl Judgments Revelation 15:1-8

Chapter fifteen gives us the vision of heaven during the final preparation for the third and last phase of God's judgment upon earth during the Great Tribulation. You remember judgment beginning with the seven seal judgments. Out of the seventh seal judgment came the seven trumpet judgments. Out of the seventh trumpet judgment comes the seven vial or bowl judgments.

The SIGN in Heaven of verse one reminds us that John was receiving this information in a vision. These last seven plagues will "fill up" or complete the wrath of God upon earth for this period.

The "Sea of glass mingled with fire" in verse two pictures for us the redeemed in heaven who will have died during the Tribulation and gained victory over the Antichrist. As they stand on the sea of glass instead of having the mark of the beast, they now hold "the harps of God." Because of their faithfulness unto death, they are eternally free of the fire of Hell and the power of antichrist.

The SONG of Moses and the Lamb remind us of the beautiful music we will hear in Heaven, even as the final divine judgment is being prepared for

sinful earth. Verse 3 & 4. The redeemed always have much to sing about. They will sing of His great and marvellous works; for His being all powerful Lord or "Lord God Almighty; for His justice and truth; for His sovereign rule as King of saints or nations or ages; and for His holiness and consequent judgments upon sin. All beings who know such a God must fear and worship Him.

The SMOKE filled temple is the specific location of God's sovereign throne. It is before this throne the above song is sung. It is also before this throne that the seven angels go forth to execute God's wrath upon the earth. Verses 5 and 6. The smoke is "from the glory of God, and from his power."

The SEVEN plagues are seven golden vials carried by SEVEN angels from the throne of God in Verses 5, 7 and 8. These angels are carrying out the righteousness and justice of God against a world which has shown contempt for His holiness.

Notice the contrast between life in Heaven and on earth even as God's holy wrath is about to be executed. What an eternal difference between living in the love of God and abiding under His wrath. (adv.)

## Things to Know About CETA Program

By Robert Smock, Jr.

Upon sensing a basic lack of information sharing in our community, I recently approached Whitley on the possibility of writing a weekly article on community issues and concerns. With an M.A. in Political Science and a B.S. in just the M. Madison showed little response to my former community militant behavior.

Although at this time it is inappropriate and premature to suggest I could tell you anything you don't already know, the opportunity itself is very appealing. I intend to cover a variety of subjects.

This series will be an attempt to share with you the colorful & fascinating world of CETA, an unstable one of constant change and new uncertainty. I have been awarded a CETA grant for Community Employment and Training. It was awarded in 1973 & will

expire in September 1978. It is an honest attempt by the Federal Government to provide employment and training for the economically disadvantaged, unemployed and underemployed.

The Dept. of Labor administers CETA funds. Funds for Crawford County start in Washington, D.C., then go to a regional office in Chicago, next to Lansing and onward to Onaway, Michigan where a BOS (Board of State) Prime Sponsor exists. A BOS Prime Sponsor is a regional CETA office within the state.

Crawford County's Prime Sponsor is commonly referred to as Northern Michigan Manpower Consortium or Region 9. When the federal dollars reach that point, Region 9's Board of Directors decide where and how to spend that money. The Board of Directors are made up of a County Commissioner from each member county. The coun-

ties within Region 9 are: Alcona, Alpena, Cheboygan, Crawford, Montmorency, Oscoda, Otsego, and Presque Isle. They meet monthly to review proposals, operations, and programs.

BOS Prime Sponsors handle anywhere from 16-20 million dollars annually. That money is spent differently in each region.

A brief overview of the various CETA Titles might be helpful at this point. CETA Titles have program activities and it is in these program activities that literally millions are spent each year.

**A Title 1 Program Length**  
1 Adult work experience-6 months  
2 In School work experience-3 months  
3 Out of school-6 months  
4 Skilled Training (classroom training)-1 year  
5 Public service career-three months-1 year

These activities are basically aimed at assisting economically disadvantaged, unemployed, and underemployed with some type of employment and training.

**B Title 11**  
1 Public Service Employment-Removal Annually  
This program is strictly public sector employment. Many county and city positions are funded by this title. Schools and other public, non profit organizations may also qualify for such funding.

**C Title 11A**  
1 SPEDY (Summer Program for Economically Disadvantaged Youth)  
2 YEPT (Youth Employment Training Program)  
This title is aimed at various target groups among our economically disadvantaged youth. SPEDY is run each summer from June to late August. YEPT is relatively new funds available for other year round in-school or out of school programs for youth.

**D Title VI**  
1 Emergency Project Funds-1 yr.  
Title VI is used to combat high unemployment. When the federal government feels the unemployment rate is too high, they free up money for projects so that people can be employed.

The real key to Title VI is that most non profit organizations can write proposals for this money. In short, non profit organizations in Crawford Co. can write proposals for various project ideas and probably stand a good chance of being funded. If I'm not mistaken our County Commissioner on Region 9's Board is Rolla Failing. Somehow I don't imagine many people know that.

These are the basic CETA Titles.  
As I said earlier the current "ETA Act of 1973 is due to expire. In one form or another it will be renewed. The Carter Administration, in its never ending battle against unemployment, has passed legislation to pump 11.2 billion into CETA by 1980. Before 1982 & 83 CETA could conceivably have 18.0 billion put into its programs.

All this money going into CETA tells me the federal government might be getting discouraged from various causes, saying "they man that money ain't getting to the man on the street through any other vehicle." CETA does appear to be the only vehicle set up to deliver program and funding to every community in this county. Schools, labor organizations, and various community based organizations are not set up to deliver employment, training, and dollars to the man on the street in need.

What astounds me most of all is that CETA is only 6% successful nationally. Success being measured by the participants who are picked up in unsubsidized positions after working in a CETA position for six months or a year.

The reasons for CETA's failure are many. Perhaps the biggest reason is most jobs are in the public sector and seldom anyone is hired by the public sector when funding runs out. Another big reason is lack of communication and coordination with business, schools, agencies and the unemployed that the whole thing was created to serve. I'm willing to bet that most people in this community don't even know what CETA is, let alone all the opportunities it can provide. I'll go a step further & say I seriously doubt that those good friends of mine who run CETA in this county know as much as they should about it. I won't say anything about the Board of Commissioners.

I'm really trying to create an awareness. CETA can help. It can make peoples lives better. It can help struggling non profit organizations. It can help school systems, city government, county government, and most of all it can help you. Mister, the man on the street without a job. CETA in Crawford County is 348-9223.

I encourage people in this community to learn more about CETA. It's taxpayers money designed to help the unemployed. I see it work everyday. There is no reason that it can't be more of a success in Crawford County.

## Attend the Church of Your Choice

### Faith Begins With Crayons

Remember! Arithmetic began with apples. I had one. You gave me one. Then how many did I have?

So don't be surprised that Faith begins with crayons!

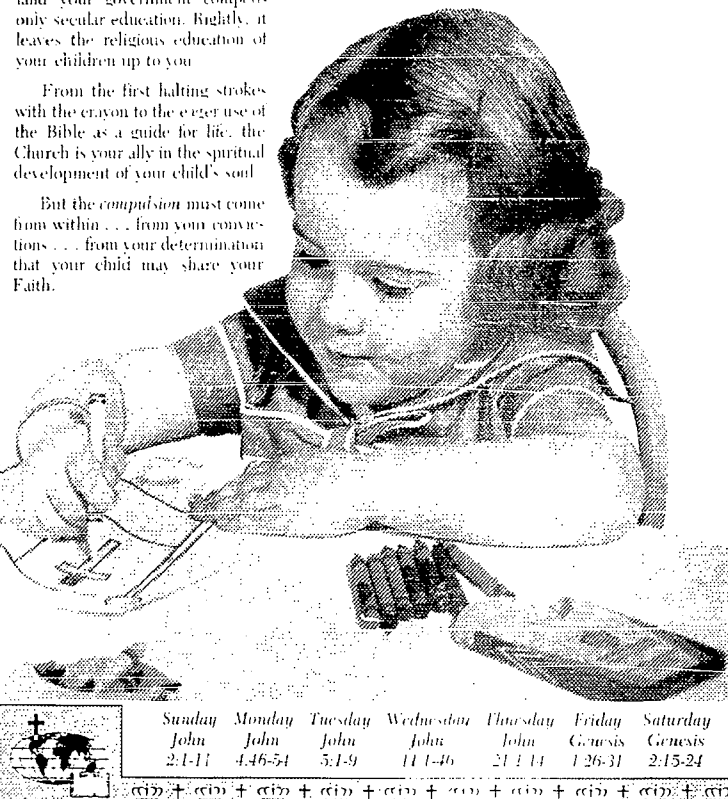

And never forget that in this free land your government compels only secular education. Rightly, it leaves the religious education of your children up to you.

From the first halting strokes with the crayon to the eager use of the Bible as a guide for life, the Church is your ally in the spiritual development of your child's soul.

But the *compulsion* must come from within... from your convictions... from your determination that your child may share your Faith.

Wise parents find their child's crying need for religious training a happy incentive for their own church life.

## McEnaney Named Boss of Year

BOSS OF YEAR—From left, Barbara Hazen, who nominated her boss; Pauline Petrosky, chairman of the event; McEnaney; and Betty Bennett, President of ABWA.

The annual Boss of the Year of an ABWA member was revealed Tuesday, April 18th at their monthly meeting at the Red Barn. Eighty members and guests sat down to a superb prime rib dinner at 7 o'clock, after which Pauline Petrosky, Vice-President and chairman of the event, announced the out-of-town judge's unanimous decision of Richard McEnaney, Mr. McEnaney, who attended Michigan State University, University of Alaska and Central Michigan University, has his Master's degree in Special Education. He is director of Special Education for C.O.O.R. Intermediate School District. His charitable work includes scheduling and assisting in organizing the many details for the Special Olympics for the handicapped children in the C.O.O.R. area which includes Crawford.

Ogemaw, Oscoda and Roscommon counties. An appropriate plaque was presented to him by his secretary, Barbara Hazen, ABWA member, who nominated him. A brief history of ABWA was given by Judy Mesack and Joanne Shively read the ABWA creed which states "Remember this. If you work for a man, in Heaven's name work for him. If he pays you wages which supply you bread and butter, work for him, speak well of him; stand by him and stand by the institution he represents. If put to a pinch, an ounce of loyalty is worth a pound of cleverness. If you must vilify, condemn and eternally disparage, resign your position, and when you are outside, damn to your heart's content, but as long as you are part of the institution do not condemn it. If you do that, you are loosening the tendrils that are holding you to the institution, and at the first high wind that comes along, you will be uprooted and blown away, and probably will never know the reason why."

Naturalist Wendell Hoover, who is Historian and Park Interpreter at Hartwick Pines, gave a slide presentation on early history of logging in Michigan which was interesting and enjoyed by all. Favors for everyone in attendance were donated by Jim Parkinson, Builder; Luke Petrosky, Comfort Center; First Savings and Loan, Grayling; and Gaylor Insurance Company. Roscommon. The fresh flower centerpieces were purchased from Flowers by Josie and given to the guests of honor. Pictures were taken by Carol and Sally Wert. Following the meeting, Betty Bennett, President, invited all to participate in dancing to the music of "Steel Satin".

## Value of Farmlands Emphasized During Soil Stewardship Week April 30-May 7

The United States annual loss of five million acres of rural land to non-agricultural use is a special concern during this year's celebration of Soil Stewardship Week April 30 thru May 7th Louise Sullenger, chairman of the Crawford-Roscommon Soil Conservation District announced today.

This year's Soil Stewardship Week theme is "Compelling Ventures". It stresses the importance of controlling water pollution caused by run-off from unprotected farms, ranches, roadsides and construction sites.

Soil Stewardship Week is a nationwide observance which emphasizes man's responsibility to protect and conserve soil, water, and other natural resources. Traditionally, churches and local citizen's groups participate.

"Nearly 3,000 conservation districts throughout the U.S. will focus their attention upon conserving and preserving America's best farmlands during this 21st annual observance of Soil Stewardship Week," Sullenger said. "The U.S. Department of Agriculture estimates that of the five million acres annually lost to agriculture, nearly one million acres are classed as 'prime' land — the best and most productive land we have. We are encouraging the preservation of these top-

quality farmlands for farming rather than their indiscriminate use for housing developments, highways, shopping centers and the like."

Among the district churches that are scheduling special Soil Stewardship services are St. Francis Episcopal of Grayling; and Church of Christ, Houghton Lake Bible and United Methodist, all of Houghton Lake.

## Par for the Course

by Fay Bovee

The Wednesday morning golf auxiliary held their organizational meeting on Tuesday evening, April 25, 1978, at the clubhouse.

Pearl Tucker, president, conducted the meeting. Following the treasurer's report by Marge Hildebrand, Sandy Bronger welcomed the group.

Shirley Bondig explained the way in which the tournament is set up and June Schwarz reported on the status of the cook-book project. It is hoped that they will be ready to sell by the middle of the summer.

Volunteers for the beautification project, planting flowers around the clubhouse, are Pat McLaughlin, Donna Denton, Dorothy Phillips and Mary Sidwell.

Scheduled play will start on May 17 at which time the \$15 dues are due. The executive committee will furnish the lunch that day and a decision will be made concerning lunches for the following two weeks. On June 7, point play will start and the regularly scheduled night potlucks will start. Kay Ellen Juntilla, Donna Denton and Fay Bovee are working on the scheduling and the schedules will be available at the clubhouse before May 17.

The women have been invited to Gaylord on Tuesday, July 18. We'd like to welcome the new members of the auxiliary and say that we'll miss some of the familiar faces that won't be with us this summer.

A nice turnout on Friday for the social hour — come join the crowd for snacks and conversation. Melvin has lots of good match tricks to show you!

## 4-H News

Spring finally arrived and all the little woodland friends are back, busy preparing for their new homes.

Here in Crawford County, the 4-H leaders and their members are preparing for Achievement Day, May 13th. These children are busy with their leaders finishing projects which will be on display in the Elementary School.

We have some very interesting groups this year. All the children and parents are invited to come share with us this important event.

Some groups will continue into the summer months.

Any boy or girl in Crawford County may join. Being with children our own age, doing things you are interested in, going on trips to places of interest and sharing, this is 4-H.

Most of all 4-H prepares you to reach out, express yourself, and at the same time have fun with friends your age.

Remember parents, the children of today are tomorrow's leaders.

For more information call 348-5123 or 348-9149.

Remember the day, May 13th, 9:00 a.m. to 1:00 p.m. at the Elementary School. Everyone is welcome. See you there.

## Miss Fishell Receives Scholarship

Roscommon High School Senior Denise Fishell, daughter of Daryl and Chris (Canfield) Fishell of Roscommon, was recently named a recipient of a prestigious Presidential Scholarship to Grand Valley State College. The scholarship is worth \$1,500 a year for four years. Only 20 of these \$6,000 merit awards were given this year, though 200 students throughout the state met the qualifications of a 3.5 or better grade point average, and minimum ACT composite of 28.

Denise is also a Semi-Finalist in the competition for scholarships from the State of Michigan and National Honor Society of Commended Scholars. Her 4.0 high school grade point average helped earn her election to the National Honor Society in her junior year at Roscommon High and the honor of being valedictorian of her graduating class. This year, Denise has used her special academic abilities to help other students through a National Honor Society tutoring project. She also volunteered her time for this year's Special Olympics and has worked on a volunteer basis as a waitress.

Music is one of Denise's interests. She is presently a member of R.H.S.'s select Chamber Choir. She has been studying piano for 10 years and had performed in a concert while in middle school.

Her hobbies include knitting, crocheting and needlepoint. She also likes to spend her free time bike riding and jumping on her backyard trampoline.

Denise is also involved in the projects of the Immanuel Baptist Church, of which she is a member. She has demonstrated her musical talents by singing at a hospital as part of a church youth project and is the Sunday School pianist.

She plans to study in the health field while at Grand Valley, though she is still uncertain as to what specific area within the field she will enter.

Denise is the granddaughter of Mr. and Mrs. John Canfield, Sr. of Grayling.

# We're up from Watergate

But not that far

Richard Milliman

Watergate was thought to be low point in conduct of the public trust, what with the resignation of a president, and prison terms for many high ranking officials, and what-have-you.

But alas, things have not progressed all that far to the good. For example:

—In Washington, Korean wheel-dealer Tongsun Park testifies that over a 10-year period he dispenses \$850,000 in "gifts" to 31 different congressmen.

—Also in Washington, Michigan Congressman Charles Diggs is indicted on 35 counts, centered on the charge that he diverted \$101,000 in federal payroll funds for his personal use.

—Michigan, in the same week, the Legislature wrestles with the question of what to do with a member who has been convicted of embezzling \$24,000 from a client; a long-serving state senator goes to court on charges of padding his state expense accounts; and the chairman of the senate judiciary committee, capping a long record of similar scrapes with the law, is lodged in jail overnight before going to court on a drunk driving charge.

Public officials, of course, live in a goldfish bowl, however, we have a right to expect them to conduct themselves always in ways to diminish the opportunity to bring their public trust into question. It doesn't always work that way.

Fortunately for the system, most public officials are honorable persons, who don't get into any trouble and who steer straight, honest and trustworthy public course.

But there are others; lately, it seems, we've had quite a run on legal, moral and ethical problems.

With conditions as cited above, is there any wonder why public officials are held in scant regard by the public...why most mothers would faint dead away when they first learn their offspring are getting "involved in politics?"

What's the solution? Vigilance by the voter is the only cure for such conduct, although I would not bet against the

possibility that the miscreants cited above all will be returned to office by their constituents.

We can hope; 1978 is an election year—and not a moment too soon, either.

Join me in shedding another tear, this one for the public treasury in Michigan, currently being raided—legally, I hasten to add—by candidates for governor.

Michigan law, seeking to assure that candidates for governor are beholden to no special interests, doles out tax dollars to candidates who reach a certain plateau in small-gift fund-raising.

Lining up with palms extended are such as Sens. William Fitzgerald and Patrick McCullough, and Lawyer William Ralls, all Democratic candidates. Even Zolton Ferency, who runs for everything it seems, and has slim chance to get elected to anything, is eligible for \$100,000 in taxpayer funds for his candidacy.

Who's paying for these candidates? All Michigan taxpayers foot the bills.

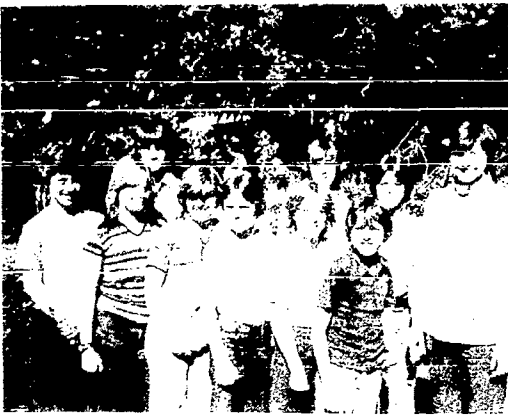

Is there no better public purpose for \$100,000 of taxpayer money than helping Zolton Ferency spread his political wings?

Top auto executives, who also live in a type of fishbowl in certain ways, are well-paid individuals. A recent listing, for example, showed Henry Ford II, chairman of the Ford Motor Co., drawing \$992,420 in salary and bonus, while Lee Iacocca, Ford President, was paid \$977,861. Two other Ford executives also were above the \$900,000 mark.

Thomas A. Murphy, General Motors chairman, drew \$975,000 in salary and bonus, and GM President E.M. Estes was paid \$910,000.

That's a lot of money, of course, and is one reason the price of cars is so high.

It's comforting to realize, however, that the top men in the top industry in these parts are paid almost as much as the top basketball players in the country.

## Attention Is Needed To This Alert To Save Your Business

The LABOR REFORM BILL S. 2467 is due to come before the Senate of the United States in the very near future and requires your attention if you still want to run your own business...or give it to a Union Boss, to run for you...

This Labor Reform Bill has many UNFAIR provisions which would give Unions even more POWER over small business.

One provision states that if 50% of a firm's employees have signed union cards, an election must be held within 21 to 30 days after the union files an election petition. Employees argue that unions usually spend months in secret organization activities before they actually call for an election. Twenty one days is not enough time for an employer to tell his side of the story to his employees. Another provision is that the bill allows union organizers to talk to employees about the union on company property during company time.

A third punitive provision requires a court-rendered reinstatement of any employee believed to be illegally discharged for union activities. The bill would also grant the employees back pay equal to 150% of the wages he would have earned.

Senator Orrin Hatch (R-Utah) said that "The bill makes it mandatory that businesses unionize, or that they will be cllobbered to death."

The United States Chamber of Commerce as well as the State and Grayling Chambers strongly oppose this Bill, which would have decisive effect on business.

We urge you to take action by writing your Senators, Griffin and Riegle, to also oppose this measure. Do it in your own words, but do it TODAY. It's

## Home Heating Assistance Deadline

Eligible senior citizens and low-income people who have not applied for home heating assistance payments are urged to do so by Senate Minority Leader Robert Davis. The deadline for application is April 30, 1978.

"The Legislature appropriated money last year to help people on low and fixed incomes pay for their ever-increasing fuel costs," the Grayling Republican explained.

"Surprisingly, only about 20 percent of those eligible have made application thus far. According to our figures, about 150,000 families still may apply for, and receive, up to \$200 to be applied toward this past winter's heating bills," he continued.

Eligibility is determined based on annual income and liquid assets below \$15,000, and size of family. The payments will range from \$100 to \$200 per household. Excluded from the program are those currently receiving AFDC and General Assistance, and students claimed as tax dependents on 1977 income tax returns.

"If you think you may qualify for this home heating assistance program, I urge you to contact your County Social Services Dept. now to determine your eligibility and the amount of your payment," Senator Davis emphasized. "Time is running out and once the deadline has passed, no further applications will be accepted."

**Test Freeze**  
If you have doubts as to how well a fruit or vegetable will freeze, test it before freezing large quantities. Freeze three or four packages and sample the food after freezing. Almost any type of cooked meat, stew, ragout or goulash—beef, lamb, pork or veal—can be frozen. Most vegetables used in these combination foods, such as peas, carrots, celery or onions, also freeze well. Cooked dry beans freeze especially well.

## Moose News

Thought I would let all you Moose members know how the election turned out. Our new officers are: Ron Eberts, Governor; Charles (Skinny) Gabriel, Jr., Governor; Art Stephenson, Wayne (Skip) Fye, 2-year Trustee; Ed Sturdivant, 1-year Trustee; and I, of course yours truly moved to Jr. Past Governor. There were 29 voters.

I would like to thank the men who worked on the election committee. They were: Brothers Ray Miller, Bob Fender and Jack D. McHenry. I don't know his real name. Also, our secretary, Curt Marshall.

On Monday, April 24th, the new officers were installed and they will take their chairs at midnight, April 30th.

On April 18th while in Traverse City I visited Max Hadley at Munson Medical Center. He had surgery a couple weeks ago and is coming along, but slow and expects to be there at least another six weeks. Anyone going over there, please stop in and see Max. He sure would enjoy having company.

On April 16th, the day of the election, we also had our 13th Moose breakfast. There were 13 for breakfast. Not bad, but not good. How about you? Legion of the Moose members coming down and getting to know some of the new members. Our next breakfast will be May 21st. Mark it on your calendar and come on down. Thanks, also, to the ladies who came down and donated their time preparing the last breakfast.

I would like to wish all the new members the best of luck for the coming year and thank those officers who filled their chairs last year. Ralph Slusser

William C. Cogswell and Edward M. More than 25,000 ERA sales associates across the country are being mobilized for the fund raising campaign.

Members of Keith Dressel Realty have volunteered their time to help knock on doors from 1 to 5 p.m. on May 7 so that we can reach the maximum number of people. Wohlfelt and Cogswell said.

### Old Business

Mr. Irving McIsaac presented a check for \$581.29 from the Grayling Boosters Club to pay for some playground equipment for City Park. Council also examined sites in the park for a shelter to be erected by the Boosters Club. The shelter would be 24' x 48'. Discussion took place concerning the location of the shelter. Council decided that the site near the center of the north side of the park would be the most appropriate.

Mr. Fowler of Grayling Township and Mr. Ed Lowrie of Crawford County Board of Commissioners appeared to discuss the airport. Mr. Fowler stated that the Township had agreed to furnish 25% of the interim budget from Oct. thru Dec., 1977. The cost to the Township was \$992.00. The calendar 1978 budget is about \$29,000. less estimated revenues, leaves a balance to be funded of about \$12,229.00, a 25 percent share amounts to \$3,057. Mr. Fowler stated that the Township is making quarterly installments on a 25 percent share of that amount. The paid staff of the airport is all CETA funded employees. Mr. Golinick asked what happens when or if CETA is ended. Mr. Fowler stated that it is hoped eventually the airport could be nearly self-supporting. A rather long discussion about all aspects of the airport took place. The proposed rate increase is as follows: 50 cents increase on monthly base rate from \$6.50 per month to \$7.00 per month, 25 cents increase on extra outlets from base rate of \$1.50 per month to \$1.75 per month. ## Camp Shawono Activities

Members Present: Sandy Milliken, Bruce Haines, Jim Hietbrink, Dick Hartland, Julia Kroll, Carol & Dick Wieber. Campers: Al, Dug, Kevin, Dany, and Elizabeth.

Julia Kroll read the minutes from the last meeting.

Mr. Haines gave the statistics for March: 9 new youth received, 0 released, 4 transfer of youth, 3 were returned to camp and 2 transferred, 48 youth on the roster, 42 actually in camp, 3 AWOI, 3 on LCA. Average length of stay 5.75 months.

The Green Step program was discussed, with the boys saving money in a money earning program. It is a 10 week course presented by Lita Lerq. 10 campers have already been held, with 10 youth enrolled.

The scheduled of films to be shown in camp was discussed, but the boys have not yet chosen what they wish to see so the program has not been started yet.

The Council decided that having a pay phone in camp would create too many problems at this time. They now have controlled use of phone calls through their counselors.

Mr. Haines announced that a new TV has been ordered, and the delivery is expected fairly well at times.

It was announced that the new GED teachers are working out well.

Mr. Haines announced that the shopping trips would be held the same as usual, as they are working out fine.

Sandy Milliken reported that 10 similar teachers are available at this time. There was a discussion on the possibility of getting a couple of officers in camp for the use of the boys, as there is presently only one regular in camp named by one of the boys.

OTL Program was described by Mr. Hietbrink. It is a program set up by the Department and the residents of Jackson Prison to have fun for youth who have been in trouble to tour the prison and see for themselves what they might be heading into. First there will be a group from here going down for a tour to see if this is what we would like to take youth from camp to. This will be a state wide project.

It was decided that the next Awards Banquet will be held on May 31st.

Mr. Haines said that we were almost out of brochures and Mrs. Kroll said she would check into it with Mr. Lattimer who originally set it up.

Letters are to be mailed this month to all organizations in town describing the camp presentation.

The next meeting will be held May 2, 1978 at 7 p.m. at Camp Shawono.

**UP UP AND AWAY**—It's a bird! It's a plane! No, it's an entire first grade gym class appearing to make a landing on a tennis court! What is it really? Well, it is a gym class, and it is a parachute, and they are on a tennis court, but no one is landing. The elementary children are "flying high" as summer settles in and gym classes move out—outside, that is! Now that the snow has finally disappeared and the temperature is rising, the elementary children may frequently be seen participating in gym class under the warm, natural sunlight, rather than under the artificial lighting of the indoor gymnasium. Although the children are exposed to the openness of the outdoor setting, this time does not become a recess period. The area of the playground used by the gym classes is considered to be a classroom just like any other classroom except that it does not have four walls and a ceiling. Children are expected to follow the same rules on the outside of the building as on the inside.

Interested persons wishing to observe the children in action are welcome to do so. It is only fair to warn you however, that it is not uncommon for an innocent observer to suddenly have the urge to participate—if this should be the case, please feel free to join in!

**THE KITE SEASON**—Hurray for the season! On April 17, Mr. Andrus' third grade class made kites. First, Mr. Andrus made a pattern. Next the children traced the pattern. They cut it out and drew designs on it. The children colored or painted the designs. It took one week to make the kites. They rigged it up and put tails on them. They went to fly them. Only six crashed! By Stephanie Hindmarsh and Lenann Pfaff

## Summer Fine Arts Festival At Roscommon

By Fay Boyce

Do you know what the Roscommon Chamber Music Society is? No? Then let me tell you. It started out as a group of people that wanted to make music in their leisure hours, but gradually expanded into a goal of promoting all the Arts.

There have been seven annual summer Fine Arts Festivals, incorporating an outdoor Air Fair and such talents as the Kiriland Players (Man From LaMancha), Interlochen Jazz Quintet, Piccolo Opera Company, Main Street Players and more.

The community has done an extraordinary job hosting foreign musical groups, brought here through their contact with Blue Lake Fine Arts Camp, the Belgium Choir, Leeds (Eng.) Youth Orchestra, Shanty Singers and Folk Dancers from Aurich, Germany; the Youth Orchestra and Choir from Bremen, Germany; the Interlochen Ballet and a Danish Band, as well as the most recent Meadowbrook Theatre from Rochester, MI. The out-of-town groups are housed by the local people.

The group will host a Fashion Show on Thursday, May 11, featuring four stores and the Roscommon High School Jazz Band. The time is 7:30 at the Gerrish-Higgins High School.

This group is working with local schools, college, and other service organizations and the proceeds from the show will go to awarding scholarships and sponsoring other orchestras, ballets and other things of a cultural nature for the northern area.

Yes, some of them still play musical instruments or get together to sing as the Roscommon Chamber Singers. For more information call Mary Loughray at 821-9766 or Dorothy Frye, 821-5592, or write to R.C.M.S. Arts Council, P.O. Box 88, Roscommon, Mich. 48653.

## High School Baseball

### Squad Launches Season

by Joe Schrader  
Grayling High's baseball squad is playing .500 ball so far this season. Monday night, Grayling hosted Gaylord and won the first contest, 9-8, then bowed to the Devils in the second encounter.

On Monday, April 24th, the Vikes took on Kalkaska and won that contest, 9-8. Chris Austin was the winning pitcher with Geoff Stancil, Jeff Parkinson and Jake Helsel, along with Austin, accounting for 10 hits for Grayling.

On Thursday, East Jordan knocked off the Vikes, 11-8 in the first game of a scheduled doubleheader, scoring four runs in the seventh inning. Sherm Holey led the Viking offensive attack with two hits. Austin, Parkinson, Helsel and Stancil chipped in with a hit apiece. The second game was called because of darkness after five innings with the score deadlocked at five runs apiece.

### Bits O' Talk

by Fay Bovee  
Another of Ruth Fenton's wedding cakes went to a wedding in New Mexico when she and Mrs. Roy Milnes drove to Portales, New Mexico, for Peg's granddaughter's wedding. Shelly Rosin, daughter of Dr. and Mrs. Bill Rosin, was married on March 18, 1978, to Michael Wilson, of El Paso, Texas. This is the second time in less than a year that Peg and Ruth have driven out, complete with Ruth's cake pans and decorators, to make a wedding cake. Shelly wore the wedding dress worn by her mother, the former Jane Milnes. Mrs. Walter Truettner and Dr. Milton Marx flew from Bimini also to be in attendance at the wedding. Ruth and Peg's return trip to Michigan was during the ice storm in Illinois and they experienced one bad night in a motel with no heat and lights in Decatur. They can laugh about it now, but it wasn't very funny at the time.

Word from Helen Catlin was that she left Florida on April 14 to return to Toledo by way of the Smokies to see the beautiful dogwood.

Mrs. William Jensen and Mr. and Mrs. Horace Failing returned to their homes here on Saturday, April 22, after spending three weeks on a touring vacation. They went to Illinois, Indiana, crossing the Mississippi at Cairo and continuing on to Arkansas, Oklahoma, New Mexico, Texas and in Arizona they spent two days at Mesa with Mrs. Lloyd Failing. They visited the Grand Canyon before starting home. At Aspen, Colorado, they stayed with Mrs. Jensen's son, Don and family and he took Horace rainbow trout fishing and were very successful. The weather was 90 degrees in Arizona and beautiful weather for picnicking in Colorado.

Mrs. Rich Burr and Mrs. Tom LaMoite spent five days in Aruba. They went on a charter flight from Traverse City direct to Aruba with a group from WGTU-TV.

Mr. and Mrs. Arthur Clough, Sr. have returned to their home here after spending the winter in Englewood, Fla. Unlike most southern vacationers, Lillian didn't mind the cold weather.

### Editor's Mailbox

April 27, 1978

To The Editor:

I applaud the writer of the 'Letter to the Editor' in the April 27th issue of the Crawford County Avalanche regarding the run-around our County Commissioners are giving us.

They state they have no control over the appointed Road Commissioners. They had the power to appoint these men, so they must certainly have the power to make a resolution to have them elected in the future.

I say let's recall our County Commissioners and get someone in there with enough guts to make a resolution, and pass it to put it on our November ballot to have these Road Commissioners elected. The petitions are a waste of time and unnecessary.

### Women Of The Moose

The Women of the Moose held their regular meeting on May 1st with Sr. Regent, Francis Barclay presiding. There was a good turnout.

## Proclamation

The educational advancement of women has been a primary objective of the American Business Women's Association for over twenty-eight years. Recent statistics report women are receiving increasing percentages of bachelor and post-graduate degrees conferred, as well as widening opportunities for apprenticeships and other job training programs.

The members of the American Business Women's Association understand the importance of education in our country, in our state, and in our city. Last year, ABWA's 1,500 local chapters awarded more than a million scholarship dollars to women. In addition, the Association's national scholarship fund has awarded scholarships exceeding one million dollars during the past quarter of a century.

In salute to the more than 96,000 ABWA members for their efforts toward opening the doors of educational opportunity and for developing an informed and responsible citizenry, I, Derek McEvers, Mayor of the City of Grayling, proclaim May, 1978, ABWA Scholarship Month in Grayling, Michigan.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the City of Grayling, to be affixed at Grayling on this 1st day of May, 1978.

## G.H.S. Netters Off To Rocky Start

by Joe Schrader

Despite a disappointing 1-4 season start, Grayling netters, under the tutelage of Coach Torn Mills, remain optimistic they can improve on last season's winning, 6-5 record. "Obviously we got off to a late start practicing on the courts", said Mills, "in fact we had the kids shoveling off the courts so we could practice."

Grayling lost their first match to East Jordan, five matches to two, despite single's wins by Tom Kaiser and Skip Olsen. The netters then lost to Charlevoix, 6-1, with Rocky Tobin the only Viking winner with a 6-1, 6-1 singles victory.

### Frederic News

by Arlein Kesby

We would like to send our sympathy to Mr. and Mrs. Robert Remick in the death of a very dear friend of theirs, Mrs. Gladys Flowers.

Mr. and Mrs. Robert Remick spent the weekend of the 28th with their daughter and son-in-law, Airman 1st Class Neil Doty, and grandson, in Marquette.

Airman 1st Class Neil Doty and wife were in Grayling this past weekend visiting his family and some of their friends in Frederic. They returned to Marquette on Monday.

Against Oscoda, Kaiser and Tobin were also victorious in singles action, while Trent Bigler and Ed Albright triumphed in doubles, although the team lost again 4-3.

The team's only victory was recorded against Gaylord, when Tom Kaiser and

Rocky Tobin won singles matches, and doubles' combinations of Mark Sloan-Randy McClain; Baba Hoffman-Jerry Weiss; Tim Krey-Sherri Reed recorded victories. The team's other loss was against Traverse City, here at home, where they lost 4-3.

16 Crawford County Avalanche

Thursday, May 4, 1978

**T.U. WINNER**—Bud Hunter, on left, Crawford County Register of Deeds was the winner of an Orvis graphite rod, reel, and line system. Marion Wright, on right, a local T.U. member presented Bud with the prize. The drawing was held at the April meeting of Trout Unlimited and just in time for the trout opener. The system was valued at over \$200.00 and was donated by the Orvis Company. The proceeds of the drawing were given to the Pigeon River Legal Defense Fund. We wish Bud many happy hours of fishing on our beautiful trout streams.

**AN EGGS AND ISSUES BREAKFAST** held Monday morning at the Holiday Inn attracted a local crowd of over 50 interested Grayling residents. On hand to outline important political issues were Senator Robert Davis, Representative Ralph Ostling and State Senator aspirant, R. L. "Rod" Brown. The meeting was sponsored by the local Chamber of Commerce.

Guster Jr., age 18, a resident of Luzerne, was transported to Mercy Hospital and then transferred to Munson Medical Center in Traverse City where he also succumbed as a result of injuries suffered in the incident.

The accident occurred at about 1:50 p.m. Sunday afternoon and was reported to the Sheriff's Dept. via CB radio operators. Units from the Sheriff Dept. ambulance corps, rescue wagon and a fire unit responded to the call.

The triple fatality brings to four the number killed on county roads this year, compared to eight recorded during all of 1977. Details of the tragedy remain under investigation by the Sheriff's Department.

**Mercy Hospital News**

The following were among those admitted to the hospital during the past week: Vivian Koch, Minnie Highlen, Teresa Hietikko, Diane Eyan, Henry Herbert and Lucille Hively, all of Grayling; Jennifer Keene and Daniel Weaver of Frederic. Those discharged included: Albert Schneider, Vivian Koch, Sandra Meyers and baby and Teresa Hietikko, all of Grayling.

Mr. and Mrs. Jerre Lewis of Rosecommon are the proud parents of twins, a boy and a girl, on April 24. John Allen weighed 5 lbs., 13 1/2 ozs at birth and Rebecca Lynn weighed in at 5 lbs.

**Rally for Rod Well Attended**

R. L. "Rod" Brown of Gaylord, 37th Senatorial District Candidate, was guest at a meeting of area residents last Thursday at the Holiday Inn. Brown, a Republican, is seeking the seat being vacated by Senator Robert Davis, who is running for a U. S. Congressional post.

Most of those in attendance at Thursday's session took the opportunity to chat with Brown, who, when he announced his candidacy in March, emphasized his desire to be an ardent spokesman for the people of Northern Michigan and the Eastern Upper Peninsula. He cites unemployment, school property tax relief and tourism funding as some of the issues he believes important to the citizens of the North Country.

Brown has served as Executive Assistant to Davis since 1970 and resides with his wife Leone with the two youngest of their seven children in Gaylord. He is past Chairman of the Otsego County Republican Party and has long been active in various political areas, both locally and at the state level.
